Primary Care: Future Workforce Conference

Our inaugural Primary Care: Future Workforce Conference held on Wednesday 30 March 2016 saw 150 professionals from the world of primary care come together to discuss the future of the primary care workforce and how to shape it to ensure excellent patient care.

At the bottom of this page you will find the presentations used during the conference.

Health Education England

New care models
Working beyond organisational boundaries

Service reconfiguration
Integrated provision of primary, secondary & social care

Vertical integration
Bring providers together to work at scale

Multi-specialty community providers
Horizontal integration

Triple Aim – improved population health, Cost Control and Quality of Care ... and access ... And building capability ...

NHS

Health Education East of England

Health Education England exists for education and we exist only to support the delivery of excellent healthcare and health improvement for the east of England by ensuring the workforce has the right numbers, the right skills and the right behaviours at the right time in the right place.

HEE is responsible for the production and quality assurance of training, research, leadership development and transformation in the east of England.
