- About [5]

Workstream one of the BTBC programme involved 16 pilot sites who each ran a project that aimed to improve the quality of training and learning for the benefit of patient care.

If you would like to choose an idea for a project most suited to your Trust or organisation, you will find a toolkit of resources at the end of each of the descriptions. These will include a business case, top tips, a case study and other products that were developed by the project teams.

## Front door/accident and emergency

- Reducing time spent in the ED using RAT+ [6]

## Improving training programmes and pathways

- Enhancing the trainee experience through the e-learning VITAL project [7]
- Making every moment count [8]
- Reducing serious incidents through simulation training [9]

## Mental health

- Enhancing training opportunities by changing working patterns [10]
- Improving psychiatric training through revised early supervision [11]

## Multi professional team working

- Enhancing the trainee experience through the e-learning VITAL project [7]
- Improving prescribing [12]

## Out of hours care (24/7)

- Enhancing supervision out-of-hours and at weekends [13]

## Rotas and scheduling

- Enhancing supervision out-of-hours and at weekends [13]
- Increasing learning opportunities in surgery [14]
