It essential to understand how staff in healthcare currently learn before piloting, recommending and making decisions around how to encourage learning about digital capabilities.

Learning Landscape

Motivations for learning

It is encouraging to see that staff are motivated to keep learning and that staff see learning as intrinsic to their work/role.

NHS staff are highly motivated: 96% agree they strive to become better at doing their job.

Two in three are learning outside work because they want to keep up with their CPD and progress their career.

On average, staff invest 3 hours per week on their learning and development
