The South West Population and Public Health Academy is a platform for sharing information, ideas, tools and resources. We support transformation in the capacity and capability of the public health system by working with our stakeholders to develop a wider workforce that will enable everyone to lead healthier lives.

The Academy is responsible for two specific areas of work:

- [Severn Postgraduate Medical Education School of Public Health](#) [7]
- [South West Public Health Workforce Development for the core and wider public health workforce.](#)

Workforce Development includes:

- [South West Public Health Practitioner Scheme and Practitioner Development](#)
- [Population Health and Behavioural Science](#)
- [Public Mental Health.](#)
