### Job Advert

<b>Wording for Advert</b>	<p><b>Please add you advert text here:</b></p> <p>.....</p> <p>We are advertising a number of further posts on our well established physician-specific CESR rotations based at The Royal Derby Hospital. The post is intended to provide the clinician with the support and training required to successfully complete all aspects of the CESR process. It will be possible to provide specific three-month secondment-style modules to address relevant educational and competency needs. Secondments include Anaesthesia, ITU, Acute Medicine and Children’s Emergency Medicine.</p> <p>Our department is renowned for its training and support. The Consultant body has current FCEM examiners as well as experience at the CESR application process. There will be a specifically-designed training and teaching package for all successful applicants and there will be a designated Consultant supervisor for the duration of the rotation.</p> <p>From a clinical perspective these posts will participate in the 24-hour Emergency Department rota.</p> <p>The rotation is initially offered on a fixed term contract for 12 months after which we would envisage extension on a mutually agreed basis.</p> <p>The post holder must be registered with GMC and hold a licence to practice.</p>
