Community Pharmacy Workforce Survey 2023	1
Guidance Notes	3
How to complete the Survey	4
Pharmacy staffing and vacancies	4
Section 1: Pharmacists (registered with GPhC and currently working as a pharmacist. Please also include temporary registrants)	5
Independent prescribing	5
Section 2: Foundation trainee pharmacists	6
Section 3: Pharmacy technicians (registered with the GPhC and currently working as a pharmacy technician. Please also include temporary registrants)	6
Accuracy Checking Pharmacy Technicians	7
Section 4: Pre-registration trainee pharmacy technicians	7
Section 5: Accuracy checkers	7
Section 6: Trained dispensing assistants	8
Section 7: Trainee dispensing assistants	8
Section 8: Trained medicines counter assistants (MCA)	8
Section 9: Trainee medicines counter assistants	9
Section 10: Pharmacy delivery drivers	9
Filling of vacancies	10
Question about community pharmacy-funded staff who work in other settings	10
Full Time Equivalent definition	11
Demographics	12
Questions?	16

Guidance Notes

Please read the notes below before completing the questionnaire:

The questionnaire asks only about the following types of staff:

- Pharmacists and pharmacy technicians (both those working in the dispensary, and those providing NHS and public health services within the pharmacy such as essential, advanced or locally commissioned services)
- Staff who work on the medicines counter
- Staff who work in the dispensary
- Delivery drivers for prescription delivery services

Staff working in wider roles within the pharmacy (such as those selling cosmetics) are not relevant to this questionnaire.

When answering the questionnaire please consider only staff for whom this community pharmacy is a normal and regular place of work, including locum or relief staff.

Please do not include the following types of staff:

- those who work here only on an exceptional basis, such as covering for unexpected sickness amongst the regular staff
- corporate managers/administrators who are based at the pharmacy but do only corporate work, and do not provide direct service to members of the public

This survey asks you for the number of people and the number of full-time equivalents (FTE) at each pharmacy, in each of ten staff categories. Please use your organisation's definition of FTE if you have one and please state what this is at the end of the survey. If your organisation does not have a definition, please use our definition of FTE of 40 hours per week. Some staff work part time, so please express hours worked as a proportion of FTE. For example, if there is one full-time and one half time member of staff, please express this as 1.50 FTE (rounding as necessary to 2 decimal places).

Please provide information on staffing levels this week, i.e. the week in which you are completing the questionnaire, or, if appropriate, the most recent complete 7-day period for which you have the necessary figures. Please include the normal hours of any staff on leave or off sick on a short-term basis during the period, but do not count any temporary staff covering for that leave/sickness on a short-term basis (or temporarily increased hours of other staff). Please do not count any staff who are currently absent long-term, whether through long-term sickness, maternity/paternity/adoption leave, etc.

Please note there is a 'Finish Later' option on every page. You can return to complete the survey prior to the survey closing date.

How to complete the Survey

Use the pharmacy ODS code (included in the invitation email) to identify your pharmacy. Please include the F at the start of your ODS code. If you need, you can check your ODS code here: <https://odsportal.digital.nhs.uk/Organisation/Search>

Pharmacy staffing and vacancies

For each section, please indicate if you have staff in each group. Please answer the Yes/No question about pharmacy staffing carefully. We will only ask subsequent staffing and vacancy questions about the roles for which you indicate that you have staff. These specific questions will ask about your full-time equivalent (FTE), headcount and FTE vacancies. If you mistakenly select No for a role, you will be able to navigate back to this page to change your answer.

Please report all directly employed staff, including relief staff and also when locums are part of the staffing model. The survey asks about locums as part of the workforce model, for the purposes of the survey this is when a pharmacist or, pharmacy technician fills a session due to the regular employee being unavailable. For example, the pharmacy is open for six days of the week, for 5 days, there is a full-time (1 FTE) employee pharmacist and on 1 day (0.2 FTE) a locum pharmacist.

NB: If you are the owner of the pharmacy, please ensure that you include yourself in the relevant staff numbers if you directly provide a service to members of the public.

Please include locum vacancies¹, as well as directly employed vacancies. Please define a vacancy as a position that is not currently filled, and for which you are either actively recruiting or intending to actively recruit in the near future. Do not include any position to which you have made an appointment, even if you are waiting for them to start work.

Please provide information on the FTE (up to two decimal places) and headcount (always a whole number) of different staff groups.

¹ For example, the pharmacy has 2 FTE employed pharmacists and 1 FTE locum pharmacist posts. If 1 of the employee pharmacist posts and 0.5 FTE of the locum pharmacist posts are vacant the pharmacy should report 1 FTE employed pharmacists and 0.5 FTE locum pharmacist vacancies.

Section 1: Pharmacists (registered with GPhC and currently working as a pharmacist. Please also include temporary registrants)

For this section please complete the form, indicating the FTE and headcount of employed pharmacists locum pharmacists and relief pharmacists working in each pharmacy. Please also indicate the FTE vacancies for each job role.

Please include pharmacists working in the pharmacy, dispensary, care home dispensing units and those who may only provide essential, advanced or locally commissioned services.

Please ensure that you use either your **organisation's definition of Full Time Equivalent (FTE)** or **40 hours per week** (if you do not have your own definition). If you have used your organisation's definition, please ensure that you provide this information in the box at the end of the survey. Some staff work part time, so please express hours worked as a proportion of FTE. For example, if there is one full-time and one half time member of staff, please express this as 1.50 FTE (rounding as necessary to 2 decimal places).

Role	Total FTE	Total headcount	Total FTE vacancies
Employed pharmacists (Please include temporary registrants)			
Locum* pharmacists			
Relief pharmacists			

* For locum pharmacist, a vacancy is defined when continuity of service is usually achieved with a locum but no individual is available.

Independent prescribing

Please indicate whether any of the pharmacists (recorded in the previous section) at the pharmacy hold an independent prescribing qualification. Please note that they do not need to be currently prescribing (either within or outside the community pharmacy) to be included here. Please record the FTE and headcount.

Role	Total FTE	Total headcount
Independent prescribers		

In addition, please indicate if any of the independent prescribers are doing any prescribing at the pharmacy. Please note that this could include private prescribing. Please only indicate Yes if the independent prescribers are currently prescribing at the pharmacy.

Are any of the independent prescribers currently prescribing at the pharmacy?
<input type="radio"/> Yes
<input type="radio"/> No

Section 2: Foundation trainee pharmacists²

Please indicate the FTE and headcount for foundation trainee pharmacists at the pharmacy. Please also indicate if any of the trainees are multi-sector trainees by selecting Yes or No in the box. Multi-sector replaces cross-sector. Multi-sector refers to a programme with a training rotation of 12 weeks or longer in another setting, e.g. hospital or GP surgery.

Role	Total FTE	Total headcount	Are any of the trainees multi-sector trainees?
Foundation trainee pharmacists			<input type="radio"/> Yes <input type="radio"/> No

Section 3: Pharmacy technicians (registered with the GPhC and currently working as a pharmacy technician. Please also include temporary registrants)

Please indicate the FTE, headcount and FTE vacancies for the following roles: employed pharmacy technicians; locum pharmacy technicians and relief pharmacy technicians. **Please include here those that are also referred to as accuracy checking pharmacy technicians.**

Role	Total FTE	Total headcount	Total FTE vacancies
Employed pharmacy technicians			
Locum* pharmacy technicians			
Relief pharmacy technicians			

* For locum pharmacy technicians, a vacancy is defined when continuity of service is usually achieved with a locum but no individual is available.

² Those in training to become pharmacists and previously referred to as pre-registration trainee pharmacists. For guidance please see <https://www.pharmacyregulation.org/education/pharmacist-foundation-training-scheme>

Accuracy Checking Pharmacy Technicians

Please indicate whether any of the pharmacy technicians (recorded in the previous section) at the pharmacy hold an accuracy checking qualification. Please note that they do not need to be currently accuracy checking (either within or outside the community pharmacy) to be included here. Please record the FTE, headcount and FTE vacancies.

Role	Total FTE	Total headcount	Total FTE vacancies
Accuracy checking pharmacy technicians			

In addition, please indicate if any of the accuracy checking pharmacy technicians are doing any final accuracy checking at the pharmacy.

Are any of the accuracy checking pharmacy technicians doing any final accuracy checking at the pharmacy?
<input type="radio"/> Yes
<input type="radio"/> No

Section 4: Pre-registration trainee pharmacy technicians

Please indicate the FTE and headcount for pre-registration trainee pharmacy technicians. These are defined as trainee pharmacy technicians who are enrolled upon a GPhC recognised pharmacy technician course. **Please do not include any trained dispensing assistants or trained medicines counter assistants who are currently undertaking training to become a registered pharmacy technician in this section, as they are captured in the relevant sections.**

Role	Total FTE	Total headcount
Pre-registration trainee pharmacy technicians		

Section 5: Accuracy checkers

Please indicate the FTE, headcount and FTE vacancies for accuracy checkers. Please do not include those that are registered pharmacy technicians. These should be included in section 3 above.

Role	Total FTE	Total headcount	Total FTE vacancies
Accuracy checkers			

Section 6: Trained dispensing assistants

Please indicate the FTE, headcount and FTE vacancies for trained dispensing assistants.

Role	Total FTE	Total headcount	Total FTE vacancies
Trained dispensing assistants who are undertaking training to become a pharmacy technician			

In addition, please indicate whether any of the Level 2 trained dispensing assistants are undertaking training to become a pharmacy technician (FTE and headcount).

Role	Total FTE	Total headcount
Trained dispensing assistants who are undertaking training to become a pharmacy technician		

Section 7: Trainee dispensing assistants

Please indicate the FTE, headcount and FTE vacancies for trainee dispensing assistants. This category includes those who are enrolled on a GPhC approved course. **If trainees are on dual dispensing assistant/medicines counter assistant training programmes, they should be recorded in the category for the highest qualification they are training to.**

Role	Total FTE	Total headcount	Total FTE vacancies
Trainee dispensing assistants			

Section 8: Trained medicines counter assistants (MCA)

Please indicate the FTE, headcount and FTE vacancies for trained medicines counter assistants (also known as Health Care Assistants, HCAs in some organisations). This category includes those who have completed a GPhC accredited course for MCAs.

Role	Total FTE	Total headcount	Total FTE vacancies
Trained medicines counter assistants			

In addition, please indicate whether any of the Level 2 trained medicines counter assistants (MCAs) are undertaking training to become a pharmacy technician (FTE and headcount).

Role	Total FTE	Total headcount
Trained medicines counter assistants (HCAs) who are undertaking training to become a pharmacy technician		

Section 9: Trainee medicines counter assistants

Please indicate the FTE, headcount and FTE vacancies for trainee medicines counter assistants (also known as trainee Health Care Assistants in some organisations). This category includes those who are enrolled on a GPhC-accredited course for MCAs. If trainees are on dual dispensing assistant/medicines counter assistant training programmes, they should be recorded in the category for the highest qualification they are training to.

Role	Total FTE	Total headcount	Total FTE vacancies
Trainee medicines counter assistants			

Section 10: Pharmacy delivery drivers

Please indicate the FTE, headcount and FTE vacancies for pharmacy delivery drivers.

Role	Total FTE	Total headcount	Total FTE vacancies
Pharmacy delivery drivers			

Filling of vacancies

This question seeks to understand about filling of roles in community pharmacy. For each staff role, please indicate by ticking the appropriate box how easy or difficult it is to fill a vacancy for that role. If you are unsure or a particular role is not applicable to your pharmacy, please tick the appropriate box. Data entry fields left blank will be considered as unknown.

Vacancy	Very easy	Fairly easy	Neither easy nor difficult	Fairly difficult	Very difficult	Don't know	Not applicable
Pharmacists							
Pharmacy technicians							
Accuracy checkers (not accuracy checking pharmacy technicians)							
Trained dispensing assistants							
Trainee dispensing assistants							
Trained medicines counter assistants (MCA)							
Trainee medicines counter assistants							
Pharmacy delivery drivers							

Question about community pharmacy-funded staff who work in other settings

Please indicate here whether you have any FTE staff who are employed by the pharmacy but are commissioned to provide services elsewhere. Please only include staff who are employed by the pharmacy to work in other settings. Do not include pharmacists or other staff who also have a separate job in another setting. For example, if you have a pharmacist working 0.5FTE in the pharmacy, who is also employed 0.5FTE by a local General Practice, you would not include them in this section. Only include them if they are funded by the community pharmacy to provide services elsewhere.

If you do have staff funded to provide services elsewhere, please indicate the FTE of staff working in each of the settings. If you do not have any staff commissioned to provide services elsewhere, please enter 0. Data entry fields left blank will be considered as unknown.

Role	FTE of staff working in other settings
Care home	
General practice/primary care network	
Health and justice pharmacy	
Hospital pharmacy outpatients	
Hospice	
Vaccination clinic	
Other settings (please add text here)	

Full Time Equivalent definition

Please indicate whether you have used your organisation's definition of FTE or our suggested definition of 40 hours a week.

In the present survey, what definition of FTE did you use?
<input type="radio"/> 40 hours
<input type="radio"/> Another definition (your own organisation's definition)

If you did not use 40 hours to indicate FTE, please indicate your organisation's definition below:

--

Demographics

We really appreciate your continued support to gather meaningful data to understand the make-up of the community pharmacy workforce and how the workforce reflect the diversity of the communities served, as part of informing the plans for inclusive pharmacy practice. If you do not have this information, please note down the number of staff in each category this information is missing for in the "prefer not to say / not known" row or column. Data entry fields left blank will be considered as unknown.

Role	Male	Female	Prefer not to say/not known
Pharmacists			
Foundation trainee pharmacists			
Pharmacy technicians			
Pre-registration trainee pharmacy technicians			
Accuracy checkers (not accuracy checking pharmacy technicians)			
Trained dispensing assistants			
Trainee dispensing assistants			
Trained medicines counter assistants			
Trainee medicines counter assistants			
Delivery Drivers
