**Every London Midwife is a  
CapitalMidwife**

**Midwife Name:** \_\_\_\_\_

**NMC PIN:** \_\_\_\_\_

**Date of qualification:** \_\_\_\_\_

# Every London Midwife is a CapitalMidwife

Welcome to the  
CapitalMidwife Skills  
Passport.

CapitalMidwife is  
committed to  
ensuring that every  
midwife in London  
is valued, respected,  
listened to and  
supported to reach  
their full potential.

This document is  
one of several  
resources developed  
by midwives through  
CapitalMidwife for  
you, to ensure you  
are provided with  
support and  
guidance throughout  
your career.

## What is it?

The CapitalMidwife Skills Passport provides a handheld, easily accessible personal record providing confirmation of all the post registration training received on a common set of core clinical skills required of every midwife.

The passport does not include a record of clinical and medical devices training, and other training that is local to specific trusts and is within their responsibilities to provide guidance on.

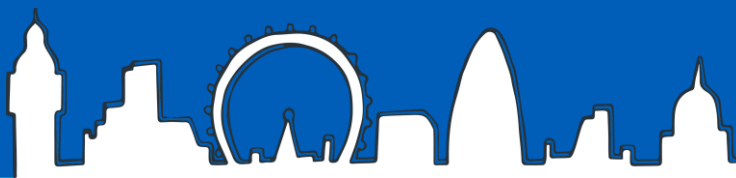

## Who is it for?

It is a tool for all midwives to record clinical skills that have been achieved.

## Why is it needed?

It was developed to reduce the burden placed on midwives from having to repeat training when moving from one London trust to another.

The Skills Passport is currently presented in a paper version, but is underpinned with a long term vision to become a digital record.

# Core Clinical Skills Identified

## Annually taught/trained

1. Adult resuscitation
2. Neonatal resuscitation
3. Sepsis
4. Antepartum haemorrhage (APH)
5. Postpartum haemorrhage (PPH)
6. Eclampsia
7. Shoulder dystocia
8. Breech birth
9. Cord prolapse
10. Intrapartum fetal monitoring (competency tested)

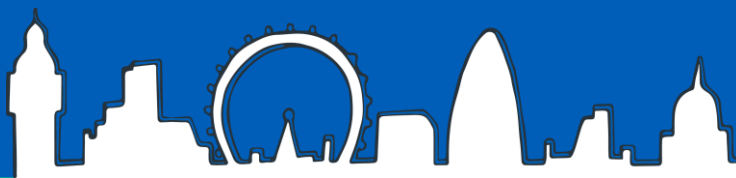

## Competency achieved

1. IV administration (incl. blood products)
2. IV cannulation
3. Perineal suturing

### **How were these skills prioritised for inclusion?**

The identified skills were selected based on an assessment of the most commonly occurring mandatory clinical skills required across London Trusts, reviewed against the requirements stipulated in CNST Safety Action #8, CQC guidance and the Saving Babies Lives Care Bundle.

The identified skills will be reviewed in future versions of the Skills Passport, with the view to include additional skills as they become standardised.

# Your Skills Passport at a glance

## Work history:

Place	Start date	End date

## Revalidation record:

Date completed	Date for renewal

## Recording your training:

Details of relevant training completed have been recorded on the following pages. As a midwife you confirm that these records are accurate to the best of your knowledge and compliant with the NMC code of conduct.

Name \_\_\_\_\_ Signature \_\_\_\_\_ Date \_\_\_\_\_

# Training Record

				Date	Trainer's Name	Training Site
Adult resuscitation						
				Date	Trainer's Name	Training Site
Neonatal resuscitation						
				Date	Trainer's Name	Training Site
Sepsis						

# Training Record

	Date	Trainer's Name	Training Site
<b>Antepartum haemorrhage (APH)</b>			
	Date	Trainer's Name	Training Site
<b>Postpartum haemorrhage (PPH)</b>			
	Date	Trainer's Name	Training Site
<b>Eclampsia</b>			

# Training Record

Shoulder dystocia	Date	Trainer's Name	Training Site

Breech birth	Date	Trainer's Name	Training Site

Cord prolapse	Date	Trainer's Name	Training Site

# Training Record

	Date	Trainer's Name	Training Site
Intrapartum fetal monitoring (competency tested)			

# Training Record: Competencies Achieved

## Record of competencies achieved:

I confirm that I have been successfully assessed as competent in the three competencies below.

Name \_\_\_\_\_ Signature \_\_\_\_\_ Date \_\_\_\_\_

<b>IV admin. (incl. blood products)</b>	<b>Date</b>	<b>Trainer's Name</b>	<b>Training Site</b>

<b>IV cannulation</b>	<b>Date</b>	<b>Trainer's Name</b>	<b>Training Site</b>

<b>Perineal suturing</b>	<b>Date</b>	<b>Trainer's Name</b>	<b>Training Site</b>

# More resources and support to come!

We are delighted to share with you the first CapitalMidwife products, which are now available for you to use to complement your ongoing work and further support the midwives at your organisation.

We would like to invite you to champion using these products. You can do so by sharing them with relevant team members, and providing feedback on any barriers or questions you encounter, and letting us know how the CapitalMidwife team can best support you and your team now and in the future (e.g. additional resources).

CapitalMidwife would also like to acknowledge work that has been done or is in development around Skills Passports, such as the East London Local Maternity System, and CapitalNurse initiatives. We welcome opportunities to collaborate on revisions and future development.

## CapitalMidwife Programme Leads:

- **Ayesha Alesworth and Kara Renno**, CapitalMidwife PMO
- **Jessica Read**, CapitalMidwife Programme Lead

## Version information:

V1 Apr 2019 (due for review in March 2020)

## Governance:

This and future versions will be signed-off by the CapitalMidwife Task & Finish Group, CapitalMidwife Steering Group and the CapitalNurse programme board.

## Contributors:

- **Angela Velinor**, Lead Midwife for Education and Maternity CPF Team Lead, UCLH
- **Cariosa Murray**, Quality & Safety Midwife, Chelsea & Westminster NHS Trust
- **Clare Capito**, Deputy Regional Maternity Lead for London, NHS England and NHS Improvement – London Region
- **Esther Boye**, Practice Development Midwife and PMA, Homerton University Hospital
- **Jessica Scoble**, Lecturer (Midwifery), University of West London
- **Julie Harben**, Midwifery Practice Facilitator, King's College Hospital
- **Karen Rooke**, Deputy Head of Midwifery, Croydon University Hospital
- **Susie Scott**, Clinical Practice Educator, CapitalNurse IV Project Lead, Imperial College Healthcare NHS Trust

## Have a question, feedback or content to share?

Please get in touch! We do welcome your feedback, ideas and recommendations which can be provided at [england.capitalmidwife@nhs.net](mailto:england.capitalmidwife@nhs.net)
