RE: Nursing, Midwifery and AHP Clinical Leadership Fellowship Projects 2023/2024

Dear Colleague,

Health Education England are pleased to announce the launch of our 2023/24 Clinical Leadership fellowship opportunities (enclosed). These are projects set by HEE supporting education and workforce transformation across the Midlands.

We welcome organisations to submit expressions of interest to host these fellowships, offering your staff the opportunity to be released from clinical practice to work with stakeholders and other arm's length bodies on our future workforce and be part of our future workforce strategy. On completion of the project, the member of staff will return to their organisation with a wealth of experience and insights to support them, their colleagues, and their organisation.

On the 1st of March 2023 @ 14:00, we are inviting prospective hosts to join us for a webinar to hear from previous fellowship hosts, our current fellows and for an opportunity to ask our clinical leads questions around the fellowships.

Please see below MS Teams link for the webinar:
