

Midlands Nursing and Midwifery Student Council

We are looking for nursing, midwifery and nursing associate students to become members of the Midlands Shared Decision-Making Council.

Can you represent the student voice on contemporary issues, challenges and successes relating to education?

Do you have the time to review and advise on NHS England projects and plans for the support of learners across the region?

The student council is open to trainees in:

- adult nursing
- midwifery
- nursing associates
- childrens nursing
- mental health nursing
- learning disability nursing

As a student council member, you will benefit from a range of leadership experiences, and will work closely with other nursing and midwifery students across the region.
