National Education and Training Survey (NETS) – share your views now!

The National Education and Training Survey (NETS) will be launched in November for the first time. It will gather feedback from multi-professional learners on clinical placements.

This is your chance to let us know about the quality of your experience whilst on placement so that improvements can be made and best practice shared.

Want to have your voice heard?

The survey will be available until **14 December 2018** for learners on placement. If you are on more than one placement during this time please complete the survey for your main placement between the **12-30 November 2018**.

You will be able to access the survey through laptops, tablets and smartphones.
