London GP Specialty Trainee 3 and 4 Career Intentions survey now live

Please complete the London GP Specialty Trainee 3 and 4 Career Intentions 2023 [survey](#) by **28 June.**

The survey is open to all GP specialty trainees due to qualify and gain their Certificate of Completion of Training during summer 2023 and seeks to find out more about their intentions on completing training now, and also over the next 2-5 years.

Previous survey findings have been shared with service commissioners, educators and training hubs to inform:

- future workforce development opportunities for newly-qualified GPs
- the development of recruitment and retention initiatives that address the factors that influence career choice.

By completing the survey, participants are consenting to take part and for responses to be used in the final analysis. Survey participants will find further resources and career development support at the end of the survey.

The survey will be analysed by NHS England, and all responses will be anonymised. No personally identifiable data will be shared in the final report. Data will be managed in compliance with standard UK General Data Protection Regulation (UK GDPR) and Data Protection Act 2018. If you have any questions regarding the survey, please [email the Primary Care Team](#).
