Education and Training Tariff Guidance 2022 to 2023

Introduction

This guide has been created by Health Education England (HEE) to support the newly published Department of Health and Social Care (DHSC) Education and Training Tariff Guidance document for financial year 2022 to 2023. For the financial year 2022 to 2023 a number of changes have been agreed, including prices scope and eligibility.

To ensure that these changes are clear, this document highlights all changes made for the financial year 2022 to 2023 in the following tables, split by the numbered sections of the tariff guidance document.

Column 1 = Paragraph number from the 2021 to 2022 tariff guidance document

Column 2 = Paragraph number from the new 2022 to 2023 tariff guidance document

Column 3 = Confirms the summary of the changes made

Should you require this guide in a different format, please contact educationfunding@hee.nhs.uk.

Education and Training Tariff Guidance 2022 to 2023

Summary of changes for 2022 to 2023

1. Purpose of the guidance

21/22 paragraph	22/23 paragraph	Summary of change made
1.1	1.1	Removed bullet point relating to planned and proposed work programme for implementation from 1st April 2022.

2. Overview and Background

21/22 paragraph	22/23 paragraph	Summary of change made
2.2	2.2	Alongside this paragraph, we have now linked to the HEE Quality Framework to ensure full details are available easily to readers about this process.
2.8	2.7 – 2.9	<p>The summary of changes made in the 2021 to 2022 guidance have been noted in the relevant sections of the 2022 to 2023 guidance as business as usual.</p> <p>The 2022 to 2023 guidance has introduced the main changes within the main body of the Education and Training (ET) tariff guidance document and refers to this newly created supporting summary of changes document to support stakeholders with more easily identifying any changes.</p>
2.9 – 2.12	NA	The sections relating to 2022 to 2023 tariff development has been removed and all updates to tariff arrangements for 2022 to 2023 are noted in the relevant section of the ET tariff guidance document and this supporting summary of changes document.
2.16	2.13	The bullet point relating to student/trainee accommodation costs has been amended to confirm that this applies to the medical undergraduate tariff only.

Education and Training Tariff Guidance 2022 to 2023

NA	2.11	<p>The paragraph of the guidance that refers to the criteria that a placement at any type of provider organisation must meet to attract a tariff payment has been updated.</p> <p>There must now be a signed Education Contract in place to receive tariff payments.</p>

3. Tariff payments for 2022 to 2023

21/22 paragraph	22/23 paragraph	Summary of change made		
3.1	3.1	Table 1 within the 2022 to 2023 guidance confirms the updated prices for each of the tariff types from both the 1st April 2022 and the 1st September 2022.		
		Type of placement	Tariff for placement activity in 2022 from 1st April 2022 until 1st September 2022	Tariff for placement activity in 2022 to 2023 from 1st September 2022 (which supersedes 1st April 2022 prices)
		Clinical	£3,933 + Market Forces Factor (MFF) per FTE	£5,000 + MFF per FTE
		Medical undergraduate	£33,952 + MFF	£30,750 + MFF
		Medical undergraduate (primary care and PIVO)	Local prices, with a minimum rate of £28,000 for primary care placements only.	£30,750 + MFF From 1st September 2022, the medical undergraduate tariff is extended to include placements in Primary Care and Private, Independent

Education and Training Tariff Guidance 2022 to 2023

				and Voluntary sector settings.
		Medical postgraduate	£11,937 + MFF plus, a contribution to salary as per Annex A See paragraph 7.8 for further information on study leave.	£11,937 + MFF plus, a contribution to salary as per Annex A See paragraph 7.8 for further information on study leave.
		Dental undergraduate	Local funding arrangements continue	£32,259 + MFF
3.2	3.2	The link has been updated to the NHS England and Improvement published MFF figures for 2022 to 2023.		
NA	3.3	Guidance has been provided in relation to the MFF figure that should be used where no MFF payment index exists for a placement provider. If no MFF payment index exists for a placement provider, a regional MFF value will be used.		

4. Clinical tariff

21/22 paragraph	22/23 paragraph	Summary of change made
4.1 – 4.10	4.1	Changes to the clinical tariff for 2022 to 2023 are as follows: The clinical tariff placement fee has been uplifted for 2022 to 2023 from 1st April to reflect inflation. From the 1st September 2022, the clinical tariff placement fee will increase to £5,000 + MFF. This will apply to all current and future placement activity within the scope of tariff arrangements.

Education and Training Tariff Guidance 2022 to 2023

		The scope of the clinical tariff placement fee has been extended to include Pharmacy (4-year MPharm degree programme) for the first time. This will apply from 1st September 2022.
4.11	4.2	The list of clinical professions that are eligible for the clinical placement tariff has been updated. Pharmacy (4-year MPharm degree programme) training is now eligible for the clinical placement tariff.
NA - new	4.3	The guidance now provides confirmation that if a clinical profession is not listed in section 4.2, it is not eligible for tariff funding. For further clarification regarding the funding arrangements (if any) for professions not listed within the tariff guidance, please see the NHS Education Funding Guide or contact educationfunding@hee.nhs.uk .
NA - new	4.4	Confirmation that international students/trainees are eligible for the clinical tariff for eligible professions.
NA – new	4.5 – 4.8	These sections of the guidance provide clarification regarding the eligibility and scope for pharmacy from 1st September 2022.
4.2 – 4.5	4.9 – 4.10	The section from the 2021 to 2022 guidance relating to what constitutes an FTE has been moved to this section to ensure continued clarity regarding this issue and acknowledgement that this process is now considered business as usual.
4.7 – 4.10	4.11 – 4.14	The section from the 2021 to 2022 guidance relating to simulation-based learning has been moved to this section to ensure continued clarity regarding this issue and acknowledgement that this process is now considered business as usual. Section 4.11 also now clarifies when HEE will pay for simulation activity. 4.12 confirms that HEE will not pay for simulation activity that forms part of activity delivered by education providers as part of their teaching requirements.

Education and Training Tariff Guidance 2022 to 2023

NA - new	4.21 – 4.23	<p>Clarification has been provided that apprenticeships are not currently eligible for HEE placement tariff funding.</p> <p>Confirmation is provided regarding the current funding arrangements for apprenticeships.</p>
----------	----------------	--

5. Medical undergraduate tariff

21/22 paragraph	22/23 paragraph	Summary of change made
5.2	5.1 – 5.3	<p>Confirmation is provided regarding the changes to the medical undergraduate tariff in 2022 to 2023.</p> <p>From the 1st April 2022 this has been uplifted to reflect inflation within the outcomes of the spending review.</p> <p>From the 1st September 2022, DHSC and HEE have introduced a consistent national tariff price for all medical undergraduate placements of £30,750 + MFF, extending the tariff arrangements to include primary care and private, independent and voluntary sectors.</p>
5.11	NA - removed	Dental undergraduate placements now have their own tariff arrangements so this paragraph was removed from the 2022 to 2023 guidance.
5.12 – 5.15	NA	These paragraphs were removed from the 2022 to 2023 guidance due to the introduction of the single tariff payment, irrespective of placement setting.

6. Dental undergraduate Tariff (new)

21/22 paragraph	22/23 paragraph	Summary of change made
NA - new	6.1 – 6.11	Dental undergraduate training had previously been out of scope of tariff and its ET funding arrangements were subject to local arrangements.

Education and Training Tariff Guidance 2022 to 2023

		<p>From 1st September 2022, there is now a dental undergraduate tariff of £32,259 + MFF.</p> <p>Further details about payment and scope, eligibility, tri-partite agreement and exclusions for this tariff type can be found in section 6 of the tariff guidance and in Annex D.</p>
--	--	--

7. Medical postgraduate tariff

21/22 paragraph	22/23 paragraph	Summary of change made
6.1 (b)	7.1	<p>Confirmation of uplift of the medical postgraduate placement fee to account for inflation, creating a tariff placement fee for postgraduate medical of £11,937 + MFF.</p> <p>Confirmation of the uplift of the salary contributions made by HEE for postgraduate medical placements within scope of tariff. Confirmation of the salary contributions made by HEE can be found in Annex A.</p>
6.4	7.4	<p>Confirmation that the medical postgraduate tariff is not applicable to the Out of Programme Pause (OOPP) pilot.</p>

Annex A

The salary contributions that HEE will pay for each medical postgraduate placement has been updated to account for the inflationary uplifts agreed as part of the junior doctor contract reform in 2016 to 2017. Please see the tariff guidance for full details.

Annex B

Annex B has been reviewed and updated by a Task and Finish group, reporting to the Undergraduate Medical Tariff Working Group (UMTWG). Please see the tariff guidance for full details.

Annex C

Annex C is new for the 2022 to 2023 ET tariff guidance document and provides guidance regarding the arrangements for funding of undergraduate GP clinical teaching of medical students. Please see the tariff guidance for full details.

Education and Training Tariff Guidance 2022 to 2023

Annex D

Annex D is new for the 2022 to 2023 ET tariff guidance document and provides guidance regarding the scope of undergraduate dental tariff for all clinical placements. Please see the tariff guidance for full details.
